

Funding Factory:

Make a HUGE difference with a little effort by recycling used ink jet/toner cartridges, cell phones, laptops, GPS devices, digital cameras, iPods and other MP3 players. All of these have parts that harm the environment when they're thrown away, but recycling them means money for the library to buy new items for everyone to enjoy.

All you have to do is drop them in the bin in the library, because every little bit adds up. More information can be found at

<http://www.fundingfactory.com/programs/recycling/recycling.aspx>

Thanks for helping our school and the environment!
